Dear Hector,

I just wanted to write a note of gratitude for the outstanding workshop that we had back on September 29, 2011. Mike, the instructor, was knowledgeable, patient and thorough. He “tuned” our system which made it easier for anyone to use it. He took the time to explain things. He also walked us through different scenarios that we might encounter on a given week and allowed us to “sit in the driver’s seat” and take control.

Some of the comments from those who attended were: “Great”, “Outstanding”, “This is what we needed”, “I am glad we got How to Sound Workshops”. Many in the congregation have expressed the fact that everything sounds better.

We would highly recommend this service in any size church. It is a wise investment. We are extremely pleased with the service and would recommend it to any Seventh-Day Adventist church in North America.

Thank you again and may God continue to bless your ministry,
